## RESOLUTION # 2008-03

### PERMIT TO CONSTRUCT, MAINTAIN OR REPAIR UTILITIES OR IRRIGATION SYSTEMS WITHIN TOWN OF DUNN RIGHT-OF-WAY

BE IT HEREBY RESOLVED, that the Town of Dunn Board of Supervisors, Dunn County, Wisconsin, do hereby adopt the Permit to Construct, Maintain or Repair Utilities or Irrigation Systems within the Town of Dunn Right-of-Way stated in Resolution 2008-03

Donald R. Heit

Chairman, Don Heit

Dennis Weber

1 Supervisor, Dennis Weber

John Miller

2 Supervisor John Miller

Passed and approved this  
8 day of Sept, 2008

Recorded in the Regular  
Town Board Minutes dated  
August 11, 2008.

Vicki Price

Vicki Price, Clerk

Town of Dunn

**PERMIT TO CONSTRUCT, MAINTAIN OR REPAIR UTILITIES OR IRRIGATION  
SYSTEMS WITHIN THE TOWN OF DUNN RIGHT-OF-WAY**

**PERMIT PROVISIONS & CONDITIONS OF ISSUANCE**

Pursuant to Wisconsin Statutes, this permit is granted to allow performance of the specific work described herein. The following standard provisions and any included special provisions shall govern:

- (1) The Applicant agrees to indemnify and hold harmless the Permitting Authority, its employees and its agents, from any cost, claim, suit, liability and/or award which might come, be brought, or be assessed, because of the issuance or exercise of this permit, or because of any adverse effect upon any person or property which is attributed to the partially or entirely completed works of the Applicant. Accomplishment of the permitted work, or any part thereof, by or on behalf of the Applicant shall bind such Applicant to abide by this permit and all its conditions and provisions.
- (2) The permitted facilities shall, if necessary, be altered at the expense of the Applicant to permit alteration, improvement, or maintenance of the highway as may hereafter be ordered. The entire cost of constructing and maintaining the permitted facilities shall be the obligation of the Applicant unless a contract for such costs has been executed.
- (3) No open cutting for a crossing will be allowed where the pavement is too narrow to maintain one-way traffic at all times, unless the Permitting Authority has granted permission for a detour. Whenever the pavement is opened, the spoil shall be hauled away and the trench shall be backfilled with sand or gravel and compacted in layers. The pavement removed for a road crossing shall be replaced as per the Permitting Authority specifications.
- (4) When one-way traffic or a detour is used, the Applicant shall provide ALL NECESSARY SIGNS, FLAGMEN AND LIGHTS required according to the "Manual on Uniform Traffic Control Devices." When a detour is allowed, local newspapers shall be notified by the Applicant in advance of the work being started.
- (5) All disturbed areas shall be returned to their present condition or better, subject to the satisfaction of the Permitting Authority or its representative. Access to all private drives and public street intersections shall be maintained, and all disturbed areas completely restored.
- (6) Any trenching, tunnelling, or excavating shall be performed in accordance with the requirements of OSHA and the Wisconsin Department of Industry, Labor and Human Relations, and any applicable local regulations.
- (7) A copy of this approval, along with any plans and special provisions, shall be available on the job site.
- (8) Upon completion of the work the Applicant shall file a written notice with the Permitting Authority.
- (9) When irrigation or drain tile is installed under any Town of Dunn road, it shall be at the Owner of this tile or duct's responsibility to maintain same. If the Town of Dunn road must be disturbed, it shall be done by the Town of Dunn patrolmen or the Dunn Co. Highway Department and paid for by the Owner. Each tile or duct passing under a Town of Dunn road must be encased with a larger diameter casing to provide for removal of drain tile or duct.
